To whom concerns,

I've taught the classes of Computer Science Theoretical Fundamentals and Compilers to Melanie Lisboa on Computer Science course at Fumec University, and I can say that she is a compromised student, with a dynamic and organized profile. She is always aware to the due dates of homeworks and shows so much care for the academical activities. In one of my classes she achieved the highest score on the class with 82/100 points. I'm sure that she will have a bright future and I'm proud of being part of her journey.

Any additional info, please contact me: +55 31 98040-2103 or joapauloaramuni@fumec.br

Sincerely,

João Paulo C. Aramuni
Professor at FUMEC University
PhD Student in Information Systems and Knowledge Management
from FUMEC University (2020)
Master in Information Systems and Knowledge Management
from FUMEC University (2015)
Bachelor of Computer Science
from FUMEC University (2013)
